

Investigate

Design specifications:

My task will be to construct a small scale replica of a famous monument, landscape or landmark from somewhere around the world.

The dimensions are to be no greater than the following: 22 cm length x 18 cm width x 20 cm height.

I will need to create a PowerPoint presentation to go along with my replica that contains information and/or facts about my chosen monument and my design process.

Brainstorming

I have three ideas:

Statue of Liberty

Pyramids of Giza

Leaning tower of Piza

Research

Statue of Liberty: info/facts + references

Pyramids of Giza: info/facts + references

Leaning tower of Piza: info/facts + references

Design brief

Statue of Liberty: this is how I am going to build it...

Pyramids of Giza: this is how I am going to build it...

Leaning tower of Piza: this is how I am going to build it...

Test to ensure design specification: I will do...to ensure I meet the design specifications.
