

Lab safety and equipment project

Lab safety protocol

- No running in the lab
- If you have long hair – tie it up!
- Always wear your goggles
- Always wear your apron
- No chewing gum
- No food/drinks
- If you break something raise your hand and call the teacher
- Use equipment correctly
- Be safe and careful
- Use eyewash station only in emergencies

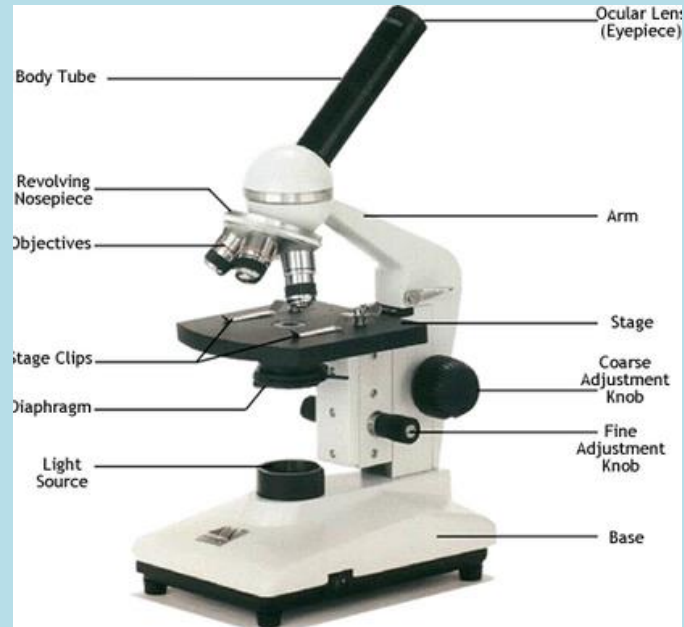

Lab equipment

Safety goggles

Scissors

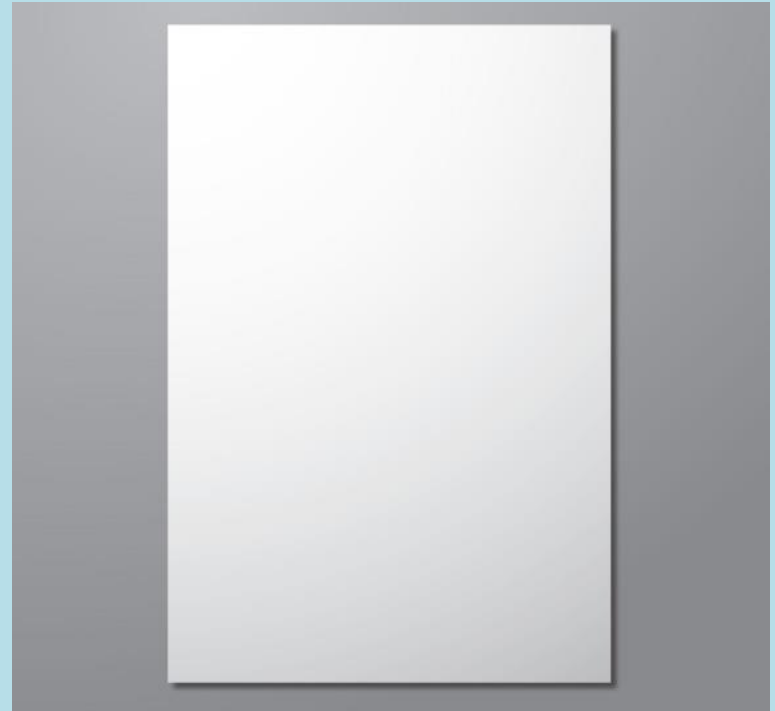

Poster project

- You will begin your poster in class (draft) and finish it as a take home assignment.
- The white paper you received is for your draft. The final poster should be made on a bristle board (found at the dollar store)

Poster project

- Your draft must be completed before working on your good copy and must be signed off by the teacher.
- The layout for your poster is entirely up to you.

Poster project

What should be on your poster?

- At least 5 lab safety rules (using illustrations)
- At least 5 lab equipment illustrated and labeled
- A slogan for lab safety
